

This first page is a high level summary of events that have taken place over the last two games between Intermountain Christian School and Tabiona High School.

- On two different occasions highly racial slurs were made and people making them have been identified.
- During this game, two Tabiona fans from were ejected and one refused to leave, causing ICS to seek help from Tabiona Administration, who merely waited with them in the lobby/hall.
- Tabiona Administration was advised the next week that another fan of theirs was confronted by a 14-year-old boy for saying "Blackie go home! Go home blackie!" which was said to our coach who is black.
- In response to being confronted by the 14-year-old boy (son of ICS Head of School Mitch Menning), the 60+ year old man responded, "Well he is a Negro, isn't he?"
- After the game, a middle aged gentleman from Tabiona approached the 14-year-old and said, "Sometimes people say those things and it just happens."

Intermountain Christian informed Tabiona administration of these events and discussed details about how to mitigate or manage this situation. ICS was assured that no such events would happen and that they would bring in additional law enforcement to assist with any issues.

- During the JV game, an elderly man motioned to Coach Drisdorn sometime during the second half. When Coach Drisdorn looked to see what the clapping and waving was, the elderly man mouthed, "You're an asshole," to Coach Drisdorn.
- After the JV game, Coach Drisdorn requested Tabiona Principal/Athletic Director Darin Jenkins take action to remove the fan, after learning it was the same person who made the "Blackie go home" comments four weeks before.
- Mr. Menning's 14-year-old son then shared with him that the an officer working the Tabiona game (Deputy Monty Nay) was the same guy who talked to him and was next to the man saying "blackie go home" at ICS.
- Mr. Menning and Coach Drisdorn then spoke at length with the Principal/AD, Deputies Monty Nay and Carl Reilley requesting the elderly man to be removed or at least moved. However, Tabiona Administration refused to move this elderly man and claimed it would cause a significant disturbance and even more racial comments would be made.
- As halftime of the varsity game approached, some Tabiona fans were clearly targeting our player(s) harassing them and giving insults about his appearance, and his mom. Our player told them to "shut up".
- Our coach intervened asking our player to switch on defense to get away from the taunting. As he did he was called for a technical (his 2nd) and was ejected from the game.
- The fans at half time chose to escalate things and two ICS fans heard a specific fan yell "Get that f----- n----- out of here" or "get that n----- the f--- out of here"
- Meanwhile the Tabiona's Coach Gines was standing at half court clapping and smiling (his team is long gone in the locker room). This was an act of aggression toward Coach Drisdorn. The Tabiona Coach carried this behavior into the hallway continuing to escalate the harassment and taunting.

ICS is seeking immediate action be taken by the Utah High School Activities Association. This kind of unsportsmanlike behavior must stop and clearly the racial taunts cannot be tolerated anywhere at anytime. ICS is seeking to turn the light on how they were treated and has learned that this is part of a larger pattern experienced by other schools throughout Utah.

See below for additional details, the edits seen inline are correcting new information after we have received videos later in March from Duchesne County School District.
